Our Distinguished Speakers

Dr. Robert M. Corrigan
RMC Consulting - Richmond, IN

Dr. Corrigan has been active in urban and industrial pest management for almost 40 years and is the owner of RMC Pest Management Consulting where he designs urban IPM and Green Pest Management programs for cities and large corporations globally. Dr. Corrigan has conducted training and consulting in over 45 states as well as in Europe, Asia, South America and Canada.

Prior to starting his own firm, Dr. Corrigan was a staff member at Purdue University for 16 years, from which he holds an AAS degree in Pest Control, a BS degree in Urban and Industrial Entomology and his Master’s and PhD in Rodent and Vertebrate Pest Management. In 2008, Dr. Corrigan was inducted into the Pest Management Hall of Fame.

Erin Monteagudo
Univar - Austin, TX

Originally from Miami, Erin Monteagudo studied entomology at the University of Florida, earning her bachelor’s degree under Dr. Phil Koehler and her master’s degree under Dr. Nan-Yao Su. She began her career in the pest management industry in 2004 as a regional entomologist for Western Pest Services in Florida and Atlanta, GA, later continuing this position in New Jersey and New York. In 2008, she became a field supervisor for Bell Environmental Services with major accounts in New York City. During this time, she earned her board certification from the Entomological Society of America. Erin joined Univar in March 2013 as the Technical Content and Training Specialist out of Austin, Texas.

Jerry Heaps
Land O’ Lakes, Inc. - Shoreview, MN

Jerry Heaps has extensive Food Safety / Quality Assurance (FS/QA) experience working with universities and multinational consumer packaged goods companies and has worked extensively with supply chain manufacturers to identify and remedy FS/QA issues in international countries. An internationally recognized entomologist, Jerry is an expert in stored product insect control, food processing plant sanitation, pest control and auditing. He has authored numerous articles and book chapters and lectures on how to control pests in food plants. Jerry currently works at Land O’ Lakes supporting FS/QA in their corporate and international divisions.

Jerry is the Editor of the 2nd edition of “Insect Management of Food Storage and Processing,” and recently wrote a chapter on pest prevention, sanitation, exclusion and facility design for Stored Product Protection.

Vicky Waskiewicz
Safe Food Resources, LLC - West Allis, WI

Vicky is a 25 year food safety professional who works with and advises food manufacturers on meeting customer, third party and regulatory requirements. She is passionate about food safety and extends that passion to her students while teaching Introductory HACCP courses. She is the founder of Safe Food Resources and can be reached through the SFR website – www.safe-food-resources.com.

Carly Hegarty, R.S.
City of Milwaukee Health Department - Milwaukee, WI

Carly Hegarty is an Environmental Health Specialist and the Temporary Event Coordinator for the City of Milwaukee Health Department. Previously, she worked with Milwaukee’s Forestry Department on their Emerald Ash Borer program. She has also conducted research on bats in Wisconsin and the elusive White Nose syndrome. While in school, Carly was an officer in the local chapter of Engineers Without Borders, traveling to Guatemala to educate families on improved health and hygiene practices. Carly obtained her degree in Environmental Science from the University of Wisconsin-Milwaukee.

SPECIAL THANKS
to City of Milwaukee, City of Wauwatosa and City of West Allis Health Departments; Milwaukee Department of Neighborhood Services; Waukesha County Department of Environmental Services; US Food and Drug Administration; and Wisconsin Department of Agriculture, Trade and Consumer Protection for their assistance in planning this program.
